

CONSERVATION PRACTICE PHYSICAL EFFECTS

Conservation Practice Physical Effects (CPPE) provide an indication of the actual physical effects expected to occur when an individual practice is installed.

Conservation Practice Physical Effects (CPPE) for use in Alaska can be found on the NRCS Alaska eFOTG under Section V,

Effects for RMS Formulation. The information is available in both Adobe Acrobat and Excel format.

The CPPE information can also be found on the NRCS Ft. Worth server at:
http://www.ftw.nrcs.usda.gov/nhcp_2.html
